## What Will I Learn?

***Participants will learn how to put an end to arguing, back talk and begging. Love and Logic® teaches how to set limits without waging war while avoiding power struggles along the way. Parents will also learn to teach responsibility without losing their child's love while guiding them to solve their own problems. Love and Logic® will also give you strategies to teach kids to complete chores without reminders and without pay.***

## What is Love and Logic® All About?

***Since 1977, the Love and Logic Institute has been dedicated to making parenting and teaching fun and rewarding, instead of stressful and chaotic. We provide practical tools and techniques that help adults achieve respectful, healthy relationships with their children and help them prepare their kids for the real world. All of our work is based on a psychologically sound parenting and teaching philosophy called Love and Logic.***

## Logic
